

American Sign Language (ASL)

Learn to communicate using American Sign Language (ASL). ASL ranks in the top 5 of the most commonly used languages in the United States and is the third most taught language in schools. Not only are you learning a new language, but you are learning about Deaf culture and the history of the Deaf community and interpreting. Students will find that learning ASL can lead to plentiful and diverse job opportunities. Join us at Moraine Valley to start learning ASL.

Interested students must:

- Be 16 years or older at the start of the course
- Attend the information session
- Completed High School Authorization Form
- Have transportation to classes

Dual Enrollment – High school students can earn college credit through dual enrollment. Students can enroll in the course, which meets at Moraine Valley, while still in high school. Authorization from the high school is required.
