

WELDING

Earn a Shielded Metal Welding Certificate while you're still in high school by enrolling in Moraine Valley's Dual Enrollment program. Earn a total of nine college credits after completing the required courses. This certificate will give you a step up on pursuing a career as a basic stick welder and help you master popular welding processes. Students gain skills using equipment used in professional settings and the necessary safety procedures.

2024-2025

Lecture and lab sessions will be held Tuesdays and Thursdays 1-3:15 p.m.

Interested students must:

- Be 16 years or older at the start of the course
- Attend the information session
- Have authorization from your high school to enroll in a dual credit program
- Have transportation to classes
